

Dear Governor's School of the Arts Finalists:

We write to offer our sincere apology for the communication you received regarding tuition-based supplemental arts programming at The College of New Jersey this summer. Any such program was not authorized by The Governor's School or by the senior leadership of The College of New Jersey.

We continue to be committed to offering arts programs for New Jersey high school students. As such, we at TCNJ are pleased to offer The Governor's School of the Arts this summer, and we will continue to work with the state to ensure that high-quality summer arts programming continues in the future.

Accepted scholars should still report on June 28<sup>th</sup> for the one week Governor's School program. Wait-listed students will be notified as positions are identified.

Best wishes,

Jane Oates  
Executive Director, Commission on Higher Education  
Chair, Board of Overseers, Governor's School of New Jersey

R. Barbara Gitenstein  
President  
The College of New Jersey
